Discussion of Term Project with Parents:

I have discussed and read the term project with my child/parent. I understand that the points will be cumulative over the entire term. I understand that if I do not have Internet access, I will work out a solution to check Skyward on a weekly basis (ask a neighbor, go to the library, use the school computers, etc.). I understand that this project cannot be done at the last minute, or late; it requires effort for the entire term. I understand the point system and if I miss a week, I will miss points. I will sign off the project paper weekly. If I have questions or concerns I will contact Mrs. Wood to get them addressed.
